Lucie explains how "Cowboy Love Me" was born: *"Cowboy Love Me started as one of my co-writers, Maddye Trew, and I joking about how we still hadn't found 'our cowboy'—and then realizing we'd written a whole song about the fantasy of one walking right into our arms in a honkytonk. So many country songs are about cowboys riding off into the sunset. I thought, what if the girl gets to choose the adventure this time? That's where Cowboy Love Me came from—she's bold, she's fun, and she knows exactly what she wants."*

You nailed it Lucie!
